EC Declaration of Conformity

We : eWON sa.....

Declare that our product : **2005CD and 4005CD Family**

To which this declaration relates is in conformity with:

The requirements of the EMC Directive 2004/108/EC

in accordance with the relative standards listed below :

- (1) : EN 55022: (2006) + A1(2007)
Electromagnetic Compatibility – Product emission standard for ITE
Report N°: EMC/TRE/750

EN 55024: (1998) + A1(2001) + A2(2003)
Electromagnetic Compatibility – product immunity standard for ITE
Report N°: LBE00062139
- (2) : EN 60950-1:2006
Safety of information technology equipment
Report N°: 2117601.50-QUA/PEP

For the tested appliance, the following results are obtained:

a) Radiated interference according EN55022: Class A
Limits of terminal voltages according to the standard (quasi-peak)

Radiated
<50dB 30 to 250MHz
<56dB 250 to 1GHz

b) Immunity according EN55024
EN61000-4-2 Electric discharge

Required
4kV Contact/ 8kV Air Discharge Performance criterion B
Passed
8kV Contact/8kV Air Discharge Performance criterion A

EN61000-4-3 Radio frequency field

Required
3V/m 80 to 1000Mhz, 80% AM mod 1KHz Performance criterion A
Passed
10V/m 80 to 1000Mhz, 80% AM mod 1KHz Performance criterion A

EN61000-4-4 Fast transient

Required
0,5kV 5/50ns Performance criterion B
Passed
4kV 5/50ns Performance criterion A

EN61000-4-5 Surges

Required
4kV 1,2/50 μ s Performance criterion A

EN61000-4-6 Injected currents

Required
3Vrms 0.15 to 80Mhz, 80% AM mod 1kHz Performance criterion A
Passed
10Vrms 0.15 to 80Mhz, 80% AM mod 1kHz Performance criterion A

Braine l'Alleud, 20/10/2008.....
